

BIKE FEST
2011

Bicycle Safety Rules

- ☒ Protect Your Head.

Wear a helmet!

- ☒ Get permission to ride your bike or scooter. Make sure parents or sitters are watching you while you are a beginner.
- ☒ When you ride, make sure you check the area for back up lights, brake lights and moving things. Remember, **cars can't see you, so you must watch out for them.** Be aware of traffic around you.
- ☒ Learn to use hand signals!

- ☒ Before you enter a street or intersection or busy bike path, check

for traffic and always look left, right and left.

Walk your

bicycle across busy streets and crosswalks.

- ☒ Keep a lookout for the unexpected.
- ☒ Properly stop your bike. Apply brakes slowly and smoothly, and practice, practice, practice.
- ☒ Make sure your bike has lights and reflective material, tires are filled and brakes are working. Make sure seat and handlebars are not wobbly. Have your parents check equipment safety!
- ☒ **HAVE FUN and BE PROUD!! Learning to ride is Special!!!**
